RULES RELATING TO ADMISSION OR EXCLUSION.

Immigration **Rule 4. Application of Immigration Act.—**The pro-
Act: visions of the Immigration Act apply to all aliens seek-
To whom ap- ing to enter the United States, except accredited officials
plicable. of foreign governments, their suites, families, and guests.
 The act also prescribes the conditions of their admission
 to or exclusion from the United States, or any waters,
 territory, or other place subject to the jurisdiction thereof,
 except the Isthmian Canal Zone. The act becomes effect-
 ive when such aliens arrive from any foreign country, or
 other place without the jurisdiction of the United States,
 or from the Canal Zone. The provisions of the Immi-
 gration Act do not apply to aliens who have once been
 duly admitted to the United States or any waters, terri-
 tory, or other place subject to the jurisdiction thereof,

passing back and forth between the insular possessions and the continental territories of the United States, except aliens coming from the Canal Zone, and except Japanese or Korean laborers coming from Hawaii, with passports limited to Hawaii, Mexico, or Canada. The admission of aliens coming from the Canal Zone is governed by the regulations applicable to aliens generally; the admission of Japanese or Korean laborers to the continental territory of the United States is governed by the provisions of the Executive order of the President embodied in Rule 21 hereof.

Rule 5. Examination of aliens.—No alien who falls within one of the classes of persons enumerated and defined in section 2 of the Immigration Act or in the Executive order embraced in Rule 21 hereof shall be admitted to the United States, nor (with the exception of the Isthmian Canal Zone) to any waters, territory, or other place subject to the jurisdiction thereof. Every alien seeking to enter the United States, as thus defined, who does not fall within any of the classes so enumerated, shall be admitted.

Children under sixteen years of age, unaccompanied by one or both of their parents, shall not be permitted to enter the United States, if it appears, or the circumstances indicate, that they are to be placed in forced or "padrone" servitude or in any employment unsuited to their years.

der 16;

Every alien arriving at a port of the United States shall be promptly examined, as by law provided, either on ship-board or at some other place designated for that purpose. Every alien who may appear to the examining immigrant inspector to be clearly and beyond doubt entitled to land shall be at once admitted; every alien who may not appear to be clearly and beyond a doubt entitled to land shall be detained for examination by a board of special inquiry, which examination shall be promptly conducted separate and apart from the public, and, upon the conclusion thereof, the alien shall be either immediately landed or ordered excluded and returned to the country whence he came. If an appeal lies, the alien shall be informed of his right thereto, and the fact that he has been so informed shall be entered of record in the minutes of the board's proceedings. If the alien elects to appeal, he must, to enable officers to comply with the provisions of section 19, file notice of such appeal not less than forty-eight hours prior to the sailing of the first vessel by which his return may be effected, unless such sailing occurs less than forty-eight hours after the order of deportation is made. But in no event shall an appeal be considered after an alien has, in consequence of an adverse decision of a board of special inquiry, been transferred from an immigrant station to be excluded, unless such transfer has been made to prevent congestion, or danger of contagion, as provided by Rule 8 hereof.

If an alien, rejected on account of disability or disease, or because insane or mentally defective, is in such physical or mental condition as to require special care and attention during the ocean voyage and land trip of deportation, the commissioner or inspector in charge shall, when delivering such rejected alien into the custody of the master or first or second officer of the vessel by which deportation is to be effected, furnish such officer with a statement of particulars (Form No. 597) and accompanying receipt and returns, for use in accordance with the provisions of Rule 37 hereof, all applicable requirements of which rule shall be observed. In the cases of aliens rejected by boards of special inquiry, or by the Department on appeal, the commissioner of immigration or inspector in charge shall, as promptly as circumstances permit, notify the steamship line by a vessel of which the alien is to be deported, furnishing full particulars as to the cause of rejection, and, if the alien is diseased, disabled, or insane, a statement of the alien's condition.

When per-
missible;

Rule 6. Appeals.—Except as specified in this rule, an appeal may be taken by the alien himself or by a dissenting member of the board from any decision of a board of special inquiry which determines whether an alien shall be admitted or excluded. No appeal is permissible when the decision of the board rejecting an alien *is based upon* a certificate of the examining medical officer which shows—

When not
permissible;
because deci-
sion is based
on medical cer-
tificate;

(a) That the alien is afflicted with tuberculosis or with a loathsome or dangerous contagious disease;

(b) That the alien is an idiot, an imbecile, an epileptic, or is insane or feeble-minded;

(c) That the alien has been insane within five years previously, or has had two or more attacks of insanity at any time previously;

(d) That the alien has any *mental* defect which in the board's opinion may affect his ability to earn a living or render him likely to become a public charge;

(e) That the alien has any *physical* defect which in the board's opinion may affect his ability to earn a living or render him likely to become a public charge; but aliens coming within this class may nevertheless be admitted, in the discretion of the Secretary, as provided in Rule 20 hereof.

Discretion of
board of in-
quiry under
section 10;

Boards of special inquiry in reaching decisions "based upon the certificate of the examining medical officer" are to be governed by the following considerations: It is "the decision of the board of special inquiry" which is made unappealable in certain cases by section 10, and not "the certificate of the examining medical officer." In arriving at a decision, therefore, the board is required to exercise its own discretion in determining whether or not it will "base" the same upon the certificate of the examining medical officer. Where the decision of the board is

expressly "based" upon medical certificates of the character specified by section 10, no appeal is allowed by the act. But whether the board will so "base" its decision will naturally depend upon the circumstances of the case. Thus—

Appeals:

When the medical certificate shows that an alien is affected with tuberculosis or with a loathsome or dangerous contagious disease, or when it shows that an alien is an idiot, an imbecile, or an epileptic, or is insane or feeble-minded, the board of special inquiry is virtually forced to "base" its decision upon that certificate, the reason being that whether or not an alien is so affected is purely a matter of medical science and not such a matter as to which a board of laymen can be expected to reach an intelligent conclusion.

Circumstances determining whether board's decision shall be based on medical certificate, and whether case shall be decided by board subject to appeal or shall be considered an application for bond.

Where the medical certificate states that an alien is affected with any mental defect or physical defect (other than those just named), either of which defects is of a nature that might affect the ability of the alien to earn a living or make him likely to become a public charge, or when the medical certificate states that the alien has been insane within five years previously, or has had two or more attacks of insanity at any time previously, the question to be determined is a practical one quite as much as a medical one, and boards of special inquiry should not only receive and carefully consider the certificate of the medical officer, but should likewise consider all the facts and surrounding circumstances of the case, and from the case as a whole reach their own conclusion as to whether the defect is of a nature which may, considering all the circumstances of the case, affect his ability to earn a living or render him likely to become a public charge, or whether the alien has actually been afflicted in the past.

If the defect for which certified is *physical*, not *mental*, and, on consideration of the whole case, the board's decision is that such physical defect is one which may affect his ability to earn a living or render him likely to become a public charge, and the alien is otherwise admissible, he should be given an opportunity to make application for landing under bond in accordance with Rule 20.

Application for landing under bond and Appeals:

If, on the other hand, the board's conclusion is that the defect is not of such a nature as to affect the ability of the alien to earn a living or render him likely to become a public charge, considering all the facts surrounding his case, and that the alien is otherwise admissible, the board should land the alien unconditionally; or, if the board's conclusion is that the alien should be rejected, not solely because of the certificate but on the basis of all the facts and circumstances, the alien should be rejected and advised of his right to appeal in the usual manner.

To summarize so much of the foregoing as relates to the distinction between *appeals* and applications for admission under *bond*:

Distinction drawn between;

Appeals:

When a board concludes that an alien is "liable to be excluded because likely to become a public charge or because of physical disability other than tuberculosis or a loathsome or dangerous contagious disease," and such conclusion is not based solely upon the medical certificate, the board should render a decision, from which decision the alien has the right of appeal.

But when the board reaches such conclusion upon the basis solely of the medical certificate, no decision should be rendered, but the alien should be given an opportunity to apply for admission under bond in accordance with Rule 20.

Rule 7. Appeals, procedure.—Notice of appeal shall act as a stay of all proceedings until a final decision is rendered by the Secretary; and, within forty-eight hours after the filing of such notice, the complete record of the case shall be forwarded to the Commissioner-General of Immigration by the immigration officer in charge at the port of arrival, accompanied by his views thereon in writing; but on such appeal of any case to the Secretary no evidence will be considered which has not already been passed upon in said case by a board of special inquiry at the original hearing, or upon a rehearing if so ordered.

ord of;

Rule 8. Appeals, procedure.—The commissioner of immigration or the immigration officer in charge at the port of landing shall enter of record the name of every alien found upon examination to be within any of the prohibited classes, with a statement of the decision in each case; and if such decision be appealed from immediately upon the receipt from the Department of its conclusions thereupon the alien shall be landed or deported in accordance with such conclusion. If a landing is refused on appeal, the master, agent, consignee, or owner of the vessel by which the said alien arrived shall be notified by the commissioner or officer in charge, and advised that the alien will be placed aboard the vessel of the line involved next sailing, for deportation. The commissioner or officer in charge at a port of entry where a detention station is located may, immediately upon exclusion, place debarred aliens on board the vessel by which they are to be deported, if in his judgment such action is necessary to prevent congestion or danger of contagion in such station. Rule 9. Medical examination.—Officers of the United States Public Health and Marine-Hospital Service (or, if such officers are not available, civil surgeons of not less than four years' professional experience) are required by section 17 of the Immigration Act to make a physical and

mental examination of all arriving aliens, and to certify for the information of immigration officers any and all physical and mental defects or diseases observed by them. Every officer of such Service detailed for this duty shall, subject to the instructions of the Surgeon-General of the Public Health and Marine-Hospital Service, be under the direction of the immigration officer in charge of the port to which he may be detailed.

Medical examination:

The certificate of the medical officer shall state the physical or mental defect or disease observed, specifying the name by which it is known in common speech as well as the name by which it is known in medicine; and the certificate shall also state:

Certificates covering, contents of—

(a) Where an alien is certified as having been insane within five years previous, or as having had two or more attacks of insanity at any time previously, how the previous existence of the malady has been ascertained (sec. 2);

(b) Where an alien is certified as being afflicted with a loathsome or dangerous contagious disease, that the disease named is in fact a loathsome or dangerous contagious disease, and is or is not of a quarantinable nature (secs. 2, 19);

Contagious diseases;

(c) Where an alien is certified as having a mental or physical defect of a nature which may affect his ability to earn a living, or as being likely to become a public charge by reason of any mental or physical disability, the bearing of such mental or physical shortcoming upon the customary occupation of the alien and upon his general capacity for useful employment, whether such defect is of a temporary or permanent nature, and whether the deficiency of the alien has been corrected by artificial or educational means (secs. 2, 10, 26);

Mental and physical defects;

(d) Where an alien is certified for permission to land for medical treatment in any hospital of the United States, or where it is certified that the health or safety of an insane alien would be unduly imperiled by immediate deportation, that the alien is not suffering from tuberculosis or from a loathsome or dangerous contagious disease of a nonquarantinable nature, and the probable duration of the alien's detention in hospital, asylum, or elsewhere (sec. 19);

When hospital treatment required;

(e) Where an alien is certified as being helpless from sickness, mental or physical disability, or infancy, whether such alien requires the protection or guardianship of an attendant (secs. 11, 21);

For helplessness;

(f) Where the wife or minor children of an alien who has declared his intention to become a citizen are certified as being affected with any contagious disorder, whether such disorder is a loathsome or a dangerous one, the probable length of time needed to determine whether the disorder will be easily curable, and whether they can be permitted to land without danger to other persons (sec. 37); and

Wives and minor children;

Medical examination:

Certificates covering, contents of—

Persons afflicted at time foreign embarkation.

(g) Where an alien is certified as being an idiot, imbecile, epileptic, or afflicted with tuberculosis or with a loathsome or dangerous contagious disease, whether the alien was so afflicted at the time of foreign embarkation, whether the existence of the disease or disability might have been detected by means of a competent medical examination at such time, how the previous condition of the alien has been ascertained, and the ground for believing that it might have been detected by a competent examination.

Landing for hospital treatment:

Conditions under which permissible;

Rule 10. *Landing for hospital treatment.*—(a) Where an alien has been excluded by decision of a board of special inquiry and the order for the return of the alien has been suspended, or where an alien is held, pending the determination of his case, by order of court, to await transportation, on account of his health, because his testimony is required in the prosecution of offenders against the act, or for some other cause, an application may be made, accompanied by the certificate of the medical examiner, to the Secretary of Commerce and Labor for permission to allow the landing of the alien for hospital treatment or other appropriate care or attention.

Evidence required, in urgent cases—

(b) Such an application will be granted as of course where it is certified by the medical examiner that the health or safety of an insane alien would be unduly imperiled by immediate deportation, or where it is manifest to the commissioner of immigration, or the immigration officer in charge, that the condition of the alien requires immediate hospital treatment. In such cases, pending the decision of the Secretary, hospital treatment or other appropriate care or attention shall be immediately afforded.

—in other cases;

(c) In all other cases the application will not be granted unless it clearly appears from the report of the commissioner of immigration, or the immigration officer in charge, or from other evidence accompanying the application, that such a course is necessary to meet the ends of justice and humanity.

By "express permission" of Secretary:

(d) Applications to land for medical treatment in a hospital of the United States by the "express permission" of the Secretary, made by or on behalf of aliens certified to be suffering from tuberculosis or from a loathsome or dangerous contagious disease (sec. 19), must be accompanied by a certificate of a Public Health and Marine-Hospital surgeon showing the exact character and extent of the malady with which the alien is suffering and estimating the duration of the treatment that will be required to effect a cure. The alien making the application, or the person making it in his behalf, shall deposit with the commissioner of immigration, or inspector in charge, a sum of money sufficient to cover the cost of affording the alien treatment for the period of time estimated in the above-mentioned certificate (and give satisfactory assurances that further deposit will be remitted

Evidence required;

if needed), if such estimated period does not exceed sixty days; and, in the event the estimate is for more than said time, a deposit shall be made sufficient to cover treatment for sixty days, and satisfactory assurances given that at least fifteen days prior to the expiration of said period a further deposit will be made sufficient to cover cost of treatment for thirty days additional and a remittance of a similar amount fifteen days prior to the expiration of the period covered by this deposit, and so on until the alien is cured and allowed to proceed, or the case otherwise disposed of. The said alien, or person interested in his behalf, shall also be advised that failure in any instance to comply with this requirement will result in deportation by the next sailing of the line involved. There shall also be deposited by the alien, or by the person making the application in his behalf, a sum of money (or transportation ticket and money) sufficient to defray the expense of forwarding the alien, if and when eventually cured, to his destination within the United States; and, in the event that such alien is a person who, by reason of infancy or other cause, will require the care of an attendant while traveling, such deposit shall be sufficient to also cover the expense of detailing an employee of the Immigration Service to accompany the alien to his destination, and the cost of the return of such employee to his or her station, or satisfactory assurances must be given that such an attendant will be furnished by the person making the application. The certificate above mentioned shall be forwarded to the Bureau of Immigration and Naturalization, accompanied by a report of the circumstances of the case, sufficiently detailed to enable the Department to determine whether there are present any peculiar conditions that render the exercise of its authority necessary to meet the ends of justice and humanity. Such report shall also show whether the deposits and assurances hereinbefore mentioned have been made and given, describing the character of the assurances. If the application is granted by the Department the alien will be permitted to enter a hospital for treatment. Should such treatment extend over a period exceeding sixty days and the deposit to cover any succeeding thirty-day period not be promptly forthcoming as above required, the fact of such failure shall be immediately reported to the Department in order that instructions for the deportation of the alien may issue. When any alien so detained is cured and allowed to proceed to destination, such amount as remains unexpended of the deposit or deposits made on his account shall be returned to the depositor and his receipt taken therefor.

Landing for hospital treatment:

Rule 11. *Detention of sick wives or children.*—Where, upon the arrival of the wife or minor child or children sent for by an alien who has declared his intention to become a citizen, or of the minor child or children of a naturalized citizen, born abroad prior to his naturalization, such wife, child, or children are found to be afflicted with a contagious disorder and it can not be immediately determined whether the disorder will be easily curable, they shall be held until a determination can be had, and an application may be made, accompanied by the certificate of the medical examiner, to the Secretary of Commerce and Labor for permission to allow the landing of such wife or child for hospital treatment or other appropriate care or attention. In such cases, where necessary, pending the decision of the Secretary, hospital treatment or other appropriate care or attention shall be immediately afforded. This application or the accompanying papers must clearly show that the husband or father has actually taken up his permanent residence in this country and has actually filed his declaration of intention to become a citizen of the United States, or has actually been naturalized, and that he is in fact the husband or father of the alien in question. Nothing contained herein shall be taken as in any manner affecting the liability of transportation companies under section 9, or as altering the status of the aliens concerned with reference to their admission or exclusion. (See sec. 37, and Rules 10 and 12.)

Rule 12. *Detention of attendants for helpless aliens.*—Where it is found that an alien is helpless from sickness, mental or physical disability, or infancy, and that, if excluded, he will require the protection and guardianship of an attendant upon his return to the country whence he came, if the alien arrives accompanied by others, not more than one of such accompanying aliens (preferably a natural guardian or relative) shall be detained to act if, in the judgment of the commissioner of immigration or the immigration officer in charge, such detention is necessary. Such detention shall not be deemed necessary, but is permissible, in quarantinable cases. If the alien arrives unaccompanied, a suitable person shall be employed for the purpose. The expense incident to such detention or employment and to the transportation involved shall be borne by the transportation company. (Secs. 11, 19, 21.)

Rule 13. *Detention and treatment of aliens, procedure and expense of.*—(a) A disabled alien, within the purview of Rules 10, 11, and 12 hereof, may be afforded the required medical treatment on board ship or in the detention quarters, or may be removed to a suitable hospital for treatment, as in his discretion the commissioner of immigration or inspector in charge at the port may decide is required by existing circumstances and the condition of the alien's health as reported upon by the surgeon charged

with the medical examination of aliens at such port. If such an alien is removed to a hospital he shall not be regarded as in any sense landed, and the cost of his maintenance and care there must be borne in one of the several ways hereinafter specified, as the circumstances of the case may require.

(b) If in the judgment of the commissioner or inspector in charge, based upon the expressed opinion of the medical examiner, it is necessary as a measure of humanity or for the proper care of an alien removed to hospital to also place in the hospital a suitable attendant or some person who is dependent upon the disabled alien, or the reverse, the cost of the detention in hospital of such additional person must be borne in the same manner as the cost of treating the disabled alien.

(c) The expenses involved in detaining or treating aliens shall be borne as follows: (1) *By the Government.*—In cases of (aa) Those held as witnesses under section 19 and Rule 14; (bb) Insane aliens whose health or safety would be unduly imperiled by immediate deportation (sec. 19); (cc) Wives and minor children of aliens who have declared intention, or minor children of naturalized citizens born abroad prior to naturalization of parent (sec. 37 and Rule 11; Op. Compt., Jan. 15, 1908). (2) *By the alien.*—Those treated by “express permission” of the Secretary, under section 19, although afflicted with tuberculosis or a loathsome or dangerous contagious disease, in accordance with the provisions of Rule 10 (Op. Compt., Jan. 15, 1908). (3) *By the alien, preferably, but by immigrant fund under special authority.*—Aliens whom it is necessary for any reason to hold at a port of entry, after admission, in accordance with Rule 15. (4) *By steamship companies.*—Aliens not falling within any of the foregoing classes whom it is necessary for any reason to hold or to treat in hospital pending determination of right to land, or awaiting deportation under order of rejection of a board of special inquiry or of the Department (sec. 19).

(d) Covering cases of the character mentioned in class (4) of the preceding paragraph, bills for hospital treatment and maintenance shall be rendered monthly by hospitals against the steamship companies responsible, through the office of the commissioner of immigration or inspector in charge, the latter's approval to be attached to the bills, if found correct, before forwarding them to the companies for settlement. Officers of the Immigration Service will in all such cases look to the steamship companies for settlement of the hospital bill. If any steamship company refuses to pay such bills rendered with the approval of the immigration officials, it will, of course, be necessary to require thereafter that all aliens brought by the vessels of such company shall be held on board ship until their applications for admission have been finally adjudicated.

In case such an alien is unable, from accident or other unavoidable circumstances, to immediately continue his journey, and is without sufficient means to defray the expense of his enforced delay, the commissioner of immigration may, in his discretion, pay said expense, reporting said case to the Bureau of Immigration and Naturalization, with reasons for his action, and request that such expense be repaid out of the “appropriation for the enforcement of the immigration act.”

If for any special reason an attorney deems himself entitled to a larger fee, or if it is actually necessary for such attorney to incur expense in an alien's behalf, he shall report such facts to the commissioner or officer in charge when applying for the privilege of charging an additional fee or claiming reimbursement for expenses, and, if permission is granted, shall collect such additional fee or expenses only through the commissioner or officer in charge. Any one charging an alien a fee prior to his detention, or charging or receiving from an alien or his relatives or friends a fee, gift, or compensation for his services in excess of the above rate, except in the manner provided, or who shall deprive an alien of any part of his chattels or effects in lieu of, or as security for, said fee, will, upon reasonable proof of such misconduct, and after having been allowed a fair opportunity to answer the charge, be disbarred by the Department (to which a full report of the matter shall be made) from practicing at any immigration station of the United States. Rule 20. *Admissions under bond.*—If, in following the provisions of Rule 6 hereof relating to appeals, the board of special inquiry reaches the conclusion that an alien in whose case a medical certificate for some physical defect, other than tuberculosis or a loathsome or dangerous contagious disease, has been rendered is excludable solely because such certified physical defect is, in the board's opinion, "of a nature which may affect the ability of such alien to earn a living," or render him liable to become a public charge, but that such alien is otherwise admissible, and, after notice of his right to do so, the alien signifies (within the time specified by Rule 5 hereof) an intention to apply for admission under bond, the board shall not enter an excluding decision against the alien as in other cases, but shall make a special finding of fact in the premises and report the same, including the certificate of the medical examiner, to the immigration officer in charge, who shall forward the report, together with his recommendation, to the Secretary of Commerce

Japanese and Korean laborers: **Rule 21. Japanese and Korean laborers.**—The following rule is promulgated for the purpose of giving effect to an Executive order of the President issued on March 14, 1907, reading:

President's proclamation concerning: Whereas, by the act entitled "An act to regulate the immigration of aliens into the United States," approved February 20, 1907, whenever the President is satisfied that passports issued by any foreign government to its citizens to go to any country other than the United States or to any insular possession of the United States or to the Canal Zone, are being used for the purpose of enabling the holders to come to the continental territory of the United States to the detriment of labor conditions therein, it is made the duty of the President to refuse to permit such citizens of the country issuing such passports to enter the continental territory of the United States from such country or from such insular possession or from the Canal Zone;

And Whereas, upon sufficient evidence produced before me by the Department of Commerce and Labor, I am satisfied that passports issued by the Government of Japan to citizens of that country or Korea and who are laborers, skilled or unskilled, to go to Mexico, to Canada and to Hawaii, are being used for the purpose of enabling the holders thereof to come to the continental territory of the United States to the detriment of labor conditions therein;

I hereby order that such citizens of Japan or Korea, to wit: Japanese or Korean laborers, skilled and unskilled, who have received passports to go to Mexico, Canada or Hawaii, and come therefrom, be refused permission to enter the continental territory of the United States.

It is further ordered that the Secretary of Commerce and Labor be, and he hereby is, directed to take, through the Bureau of Immigration and Naturalization, such measures and to make and enforce such rules and regulations as may be necessary to carry this order into effect.

Subject to general immigration laws: (a) Aliens from Japan and Korea are subject to the general immigration laws.

(b) Every Japanese or Korean laborer, skilled or unskilled, applying for admission at a seaport or at a land-border port of the United States and having in his possession a passport issued by the Government of Japan, entitling him to proceed only to Mexico, Canada, or Hawaii, shall be refused admission.

Japanese and Korean laborers: Limited passports held by;

(c) If a Japanese or Korean laborer applies for admission and presents no passport, it shall be presumed (1) that he did not possess when he departed from Japan or Korea a passport entitling him to come to the United States, and (2) that he did possess at that time a passport limited to Mexico, Canada, or Hawaii.

Presumptions concerning;

(d) If a Japanese or Korean alien applies for admission and presents a passport entitling him to enter the United States or one which is not limited to Mexico, Canada, or Hawaii, he shall be admitted, if it appears that he does not belong to any of the classes of aliens excluded by the general immigration laws.

Passports to U. S. or unlimited;

(e) If a Japanese or Korean alien applies for admission and presents a passport limited to Mexico, Canada, or Hawaii, and claims that he is not a laborer, either skilled or unskilled, reasonable proof of this claim shall be required in order to permit him to enter the United States.

Evidence as to status of;

(f) When a Japanese or Korean alien is rejected as being a skilled or unskilled laborer holding a passport limited to Mexico, Canada, or Hawaii, he shall be allowed the right of appeal to the Secretary of Commerce and Labor under the same conditions as attach to aliens rejected under the general immigration laws.

Appeal by;

(g) If a Japanese or Korean skilled or unskilled laborer is found in the continental territory of the United States without having been duly admitted upon inspection, the procedure employed under the general immigration laws for the arrest and hearing of aliens who have entered the United States surreptitiously shall be observed, to the end that the right of such alien to be and remain in the United States may be determined; and if it shall appear that such alien falls within the class excluded by the foregoing Executive order, and has entered the United States since the 14th of March, 1907, the said alien shall be deported according to the provisions of sections 20, 21, and 35 of the act of Congress approved February 20, 1907.

Arrest of;

Deportation of;

(h) In case any Japanese or Korean is detained or denied admission by virtue of the foregoing Executive order, he shall, in addition to being informed of his right of appeal to the Secretary of Commerce and Labor, be advised that he may communicate by telegraph or otherwise with any diplomatic or consular officer of his Government, and shall be afforded opportunities for so doing.

Right of, to communicate with diplomatic officers;

(i) The officials of the Department charged with the enforcement of the immigration laws are instructed that in the execution of this rule scrupulous care shall be

taken to see that the courtesy and consideration which the Department requires in the case of all foreigners, of whatever nationality, are shown to those affected by this rule. All officers of this Department are hereby warned that no discrimination will be tolerated, and that those coming under this rule must be shown every courtesy and consideration to which the citizens of most favored nations are entitled when they come to the United States.

Definition of
term "laborer,
skilled and un-
skilled ;"

(j) For practical, administrative purposes, the term "laborer, skilled and unskilled," within the meaning of the Executive order of March 14, 1907, shall be taken to refer primarily to persons whose work is essentially physical, or, at least, manual, as farm laborers, street laborers, factory hands, contractors' men, stable men, freight handlers, stevedores, miners, and the like; and to persons whose work is less physical, but still manual, and who may be highly skilled, as carpenters, stone masons, tile setters, painters, blacksmiths, mechanics, tailors, printers, and the like; but shall not be taken to refer to persons whose work is neither distinctively manual nor mechanical, but rather professional, artistic, mercantile, or clerical, as pharmacists, draftsmen, photographers, designers, salesmen, bookkeepers, stenographers, copyists, and the like. The foregoing definition is subject to change, and will not preclude the Secretary of Commerce and Labor from deciding each individual case which comes to him by way of appeal in accordance with the particular facts and circumstances thereof.

Indorsement
of passports.

(k) Passports presented by Japanese and Koreans shall be plainly indorsed, in indelible ink, by the officer admitting or rejecting the applicant, in such a manner as to show the fact and date of admission or rejection, the name of the officer being signed to such indorsement; after which the passport shall be returned to the person by whom presented.

Seamen:

Why exami-
nation of nec-
essary ;

Rule 22. In consideration of the necessities of commerce and navigation, it has been held that foreign seamen arriving at the ports of the United States, and landing therein in the pursuit of their calling, are not ordinarily within the operation of the immigration act (23 Op. Atty. Gen., 521; 207 U. S., 120). But in order that this exemption shall not avail to permit the introduction into the United States of aliens excluded therefrom by the said act, it is necessary to observe the following distinctions between foreigners who are seamen and other aliens:

Who are sea-
men ;

A seaman is any person employed to serve in any capacity on board any vessel plying between foreign ports and ports of the United States, whose occupation consists in following the sea, and who lands in the United States with no intention of remaining, and not otherwise than on shore leave, or on the business of his vessel, or for the purpose of reshipping.

Aliens, members of the crew of vessels engaged in the coastwise trade of the United States, are aliens within the meaning of the immigration act and subject to its provisions (Ops. Solr., June 14, 1907, and Sept. 16, 1907).

Aliens, though members of the crew of vessels engaged in the foreign trade, if their employment terminates at the end of the voyage to the United States, or if discharged in a port of the United States, are to be treated as seamen only if it appears that they intend to reship on a vessel bound to a foreign port, or to depart from the country within a reasonable time.

Aliens, though members of the crew of vessels engaged in the foreign trade, if they desert their ship, shall, until the contrary is shown, be deemed to have abandoned their calling, and to be no longer seamen, within the meaning of this rule.

Aliens, though landing in the United States as seamen, if found thereafter engaged in any occupation not connected with the business of a vessel to which they are attached, or if found to be public charges, shall be treated as other aliens are treated, and shall be liable to deportation in like manner and for like causes.

In the application of the immigration act to aliens, members of the crew of vessels engaged in the foreign trade of the United States, the following instructions will be observed:

(a) Aliens coming to the United States as members of the crew of any vessel, who are found to be seamen as herein defined, shall not be examined by officers of the Immigration Service further than may be necessary to determine their status as seamen, and to ascertain that they are not insane, idiots, imbeciles, epileptics, or persons afflicted with tuberculosis or with a loathsome or dangerous contagious disease; head tax shall not be certified on their account; they shall not be prevented from landing temporarily in the United States, nor required to land at any designated time or place; neither shall any manifest of them be required, nor shall they necessarily be returned to the country whence they came by the vessels bringing them. Alien seamen, however, who are insane, idiots, imbeciles, epileptics, or persons afflicted with tuberculosis or with a loathsome or dangerous contagious disease, and the existence of whose disease or disability might have been detected by means of a competent medical examination at the time of foreign embarkation, are persons whose employment on board vessels is in nowise necessary to commerce and navigation, and who are, accordingly, not within the exception in favor of seamen, because not within the reason thereof. The bringing of such seamen to the United States, therefore, is unlawful by the terms of section 8.

Seamen:

Seamen:

All seamen

(b) All aliens coming to the United States as members of the crew of a vessel, who, for any of the reasons hereinafore mentioned, are found not to be seamen as herein defined, shall in no respect be distinguished, by reason of their present employment, from other aliens seeking admission into the United States; but it shall be the duty of the inspectors and medical officers detailed for the purpose to determine whether such aliens are clearly and beyond doubt entitled to land, and to hold for examination by a board of special inquiry such as are not so entitled, and to follow the same procedure as in the case of alien passengers seeking to land, including the certification of head tax on account of those landed.

If not *bona fide*, must not
be landed;

(c) In case any alien employee of a vessel is found by the immigration officials not to be a *bona fide* seaman seeking to land in the pursuit of his calling, and is declared by such officials inadmissible under the immigration act, the master, owner, agent, or consignee of such vessel will be required, subject to the penalties imposed by said act, to prevent the landing of such inadmissible alien and to return him to the country whence he came.

Head tax
not assessable
on if *bona fide*;

(d) Head tax shall not be assessed on account of *bona fide* seamen landing in the pursuit of their calling. On account of such as are discharged with the intent to remain in the United States, and on account of those who are found or shown to have deserted and remained in the United States, the head tax shall be assessed.

Manifests of
not *bona fide*;

(e) Of such aliens employed on board vessels as are found by the immigration officials not to be *bona fide* seamen, or not to be seeking to land in the regular course of their pursuit with intent to continue their calling, the immigration officials shall prepare lists, in lieu of manifests, for use in compiling statistics, indicating in such lists that the alien applicants therein enumerated arrived at the port as employees of a vessel.

Procedure if
ill and law of
vessel's coun-
try requires re-
turn home;

(f) If, upon the arrival of a vessel from a foreign port, it is discovered that any alien member of the crew of such vessel is ill or disabled to such an extent as to make it obligatory upon the master of the vessel, under the navigation laws of the country to which the vessel belongs, to return the seaman to the country where he embarked, immigration officials shall confer with the master and with the consular representative of the country to which the vessel belongs, with the object of perfecting plans by which the master may be able to observe the laws of his own country without making possible or encouraging a violation of the immigration laws of the United States. If the disabled seaman relinquishes his calling, he shall be treated like any other alien seeking admission to the United States; and if, upon being brought before a board of special inquiry, his rejection

is ordered the master of the vessel shall be required to return him by such vessel, or at his own expense, to the country where he embarked. If the seaman does not relinquish his calling, or if the master desires to return him otherwise than by the vessel on which he arrived, it will be permissible for him to pass through the United States, in transit to the country where he embarked, by the most expeditious and direct route: *Provided*, That (if he is suffering with a loathsome or dangerous contagious disease, or with tuberculosis, or is in such physical or mental condition as to render him a person likely to become a public charge or otherwise inadmissible) arrangements are made for his proper care while passing through the country, and a sum of money sufficient to defray the expenses thereof is furnished by the master of the vessel. This being a provision made in the interest of trade, and because of the peculiar position occupied by seamen under principles of international comity, immigration officials shall exercise care to insure a thorough understanding with all parties concerned, that violations of the immigration laws may be provided against, and that the spirit of foreign laws may be observed.

Seamen:

(g) With a view to the more efficient enforcement of the immigration law with respect to foreign crews, and for the greater convenience both of officers of the Immigration Service and of the commercial interests involved, the following special procedure will be observed in cases where the master, agent, owner, or consignee of any vessel engaged in the foreign trade of the United States shall give satisfactory assurances of ability and willingness to comply with the conditions thereof:

Special procedure concerning, to be followed in lieu of general procedure if agreed to by vessel—

1. The master, owner, agent, or consignee of any such vessel shall enforce at its foreign ports of departure and call a rigid medical examination of aliens seeking employment on such vessel which will insure the rejection of any and all applicants suffering with any mental or physical affliction which would make them inadmissible to the United States under section 2, or would render the vessel liable to the fine mentioned in section 9 of the immigration act. Any failure on the part of any vessel to enforce such a medical examination in the case of any member of the crew, coming to the knowledge of an officer of the Immigration Service, shall be promptly reported to the Department for appropriate action.

Mental and physical examination of, at foreign ports;

2. In any case in which an alien seaman is not employed or articulated for the return trip voyage to and away from the United States, and in any case in which it becomes necessary for any reason to discharge an alien member of a crew, the master, owner, agent, or consignee of the vessel shall notify the commissioner of immigration or the immigrant inspector in charge at the port of such necessity in due season to permit the inspection and examination of such alien under the provisions of the immigration act.

3. Masters, owners, agents, and consignees of such vessels shall enforce in the ports of the United States regulations on the subject of shore leave which will prevent as far as possible the permanent landing of alien members of the crew before inspection by the immigration authorities. They shall, also, furnish the immigration authorities with the names of aliens employed on their vessels of the *bona fides* of whose intention to follow the sea they have any reason to doubt, and shall afford opportunity for the inspection of such aliens; and, except by express permission of the Immigration Service, they shall under no condition grant shore leave or permit the landing of alien seamen who are insane, idiots, imbeciles, epileptics, or persons afflicted with tuberculosis or with a loathsome or dangerous contagious disease.

Reporting de-
sertions of, and
apprehending
deserters;

4. When desertions occur, the master, agent, owner, or consignee of the vessel shall promptly notify the local immigration authorities of the name and description of the deserter, and any other information obtainable which would aid in the apprehension of such deserter, to the end that he may be returned to the vessel for conveyance to the foreign port of shipment.

Presumptions
in favor of ves-
sels under spe-
cial procedure.

Where the foregoing conditions have been faithfully complied with, and satisfactory evidence thereof has been presented, of the sufficiency of which the Secretary of Commerce and Labor shall be the sole judge, the master, agent, owner, or consignee will be deemed to have provided a "competent medical examination" of the vessel's crew at the time of foreign embarkation within the meaning of section 9, and will be deemed to have taken reasonable precautions to prevent the landing of alien members of the crew within the meaning of section 18; and the special procedure prescribed in the several articles of this paragraph (g) will be followed.

Stowaways:

ed like other
aliens.

Rule 23. Stowaways.—The Immigration Act contains no provision expressly relating to stowaways. Such persons must be dealt with, therefore, if they seek admission to the United States, precisely as other aliens are dealt with.

Alien stowaways must be reported and manifested by the masters of vessels, immediately upon arrival at a port of the United States, in the same manner as other aliens: *Provided, however,* That the name of every such person shall be followed by the word "stowaway." Head tax shall be certified on their account, and they shall be examined under the Immigration Act touching their right to enter the United States.

Rule 28. Fine, bringing of diseased aliens.—As a means of enforcing the collection of any fine imposed under the provisions of section 9 of the Immigration Act, the said section directs the refusal of clearance papers to any vessel bringing an alien diseased as described therein to a port of the United States. To avoid, on the one hand, the denial of reasonable time to the master, agent, owner, or consignee to show cause why such fine should not be imposed and, on the other hand, the loss of the summary and effective means provided for the collection of such fines, the following instructions will be observed:

Fines:
On account of diseased aliens—

Manner of imposing;

Medical certificates;

(b) Upon the receipt of a medical certificate in compliance with the preceding paragraph hereof, the commissioner of immigration or inspector in charge at the port of arrival shall *at once* serve notice upon the master, agent, owner, or consignee of the vessel upon which such alien arrived in the following form, printed blanks for that purpose to be procured from the Department, viz:

Disposition of notice;

(c) The notification shall be prepared in triplicate, the original to be delivered by an employee of the Immigration Service at the office of the master, agent, owner, or consignee to whom it is addressed, said employee to witness the signature of the recipient. Receipt of service shall be indorsed upon the duplicate and triplicate, the duplicate to be returned to the office of the commissioner of immigration or inspector in charge and preserved as proof of delivery, and the triplicate to be delivered to the collector of customs, who will withhold clearance papers until the deposit is made.

Deposit;

(d) The special deposit of one hundred dollars required to stay action for the period of sixty days shall be made to the collector of customs for the district wherein the port of arrival is located before such sailing, and in default thereof all further proceedings shall be discontinued and the facts certified to the Bureau of Immigration and Naturalization by first mail, together with the medical certificate and duplicate notice, in order that such action may be taken as the evidence requires.

Stay of action;

(e) If, after service of the notice as provided in paragraph (b) of this circular, the deposit of one hundred dollars has been made in conformity with the said notice, the commissioner of immigration or inspector in charge shall suspend further proceedings until the submission of the evidence offered to show why the said fine should not be imposed, or until the lapse of the specified period of sixty days thereafter. When the said evidence has been submitted it shall be forwarded, together with the certificate of the examining surgeon and duplicate notice, to the Commissioner-General of Immigration, for presentation to the Secretary of Commerce and Labor, by the said commissioner or inspector in charge, who shall at the same time present his written views as to whether the said fine should be imposed. If no evidence is submitted prior to the expiration of the said sixty days, then said commissioner or inspector in charge shall report the case,

without such evidence, for action by the Secretary of Commerce and Labor.

(f) Upon receipt of the decision of the Secretary of Commerce and Labor, a copy thereof shall be forwarded to the collector of customs, together with such data as may enable him to identify the special deposit made in that particular case. If the said decision imposes the fine, the one hundred dollars deposited as security shall be accounted for by the said collector in the usual manner as a fine; if the decision holds that the penalty has not been incurred, the collector of customs shall return to the depositor the amount deposited as security.

Rule 29. Fine, failure to deliver manifests.—If the master or commanding officer of any vessel bringing aliens to a United States port fails to deliver to the immigration officers at such port lists or manifests, as required by sections 12, 13, and 14, and it therefore becomes necessary to collect the fine imposed by section 15, the following instructions shall be observed:

(a) Written notice, clearly setting forth the particulars in which the lists or manifests are deficient, shall be served upon the steamship company concerned, allowing such company the period of sixty days from date of notice within which to place before the Department, through the local immigration officials, such evidence, if any, as said company may possess to show cause why the statutory penalty should not be collected. Copies of such notices and the responses thereto shall be kept of record, and shall be forwarded to the Department in the event the collection of the penalty is protested; and in no protested case shall suit be instituted to enforce collection until the Department has rendered a decision directing that collection be made.

(b) Similar notice shall be given by collectors of customs as a preliminary to collecting fines for failure to promptly furnish manifests of outward-bound alien passengers. (See Rule XXIX, statistical regulations.)

(c) Under an opinion of the Attorney-General, the fine mentioned in this rule can not be remitted. (25 Op. At. Gen., 336.)

(d) In no case covered by this rule shall the aggregate amount of fines collected in any one instance of departure of a vessel exceed one hundred dollars.

(e) The detailed statistical information required under section 12 of the Immigration Act and section 1 of the naturalization act of June 29, 1906, shall not hereafter be required to be furnished in the cases of diplomatic and consular officers, and other officials duly accredited by their governments, together with their suites, families, and guests, coming to the United States or in transit. The names of all such diplomatic and consular representatives and their suites, families, and guests, with their respective titles, should, however, appear grouped together upon the manifest.

(*a*) Commissioners of immigration or inspectors in charge will, in all cases wherein a United States attorney is requested to institute proceedings for the recovery of prescribed penalties or to undertake criminal prosecution of an alleged offender against the immigration laws, make a report at the same time to the collector of customs for the district in which the offense was alleged to have been committed. Said report shall be rendered in every case which may arise, irrespective of the possible outcome of any legal proceedings, and shall embrace the following: (1) Date when offense was committed; (2) act, and section thereof, violated; (3) nature of offense; (4) name of offender; (5) nationality, kind, and name of vessel; (6) statutory amount of fine; (7) date of reporting case given to each violation.

(*b*) Upon receipt of the above reports, the collector of customs will give each case a number in chronological order. When more than one section of a statute is violated by the same vessel, a separate case number will be given to each violation.

(*c*) At the close of each month, collectors of customs will render reports in the same manner as in the case of navigation and steamboat-inspection fines, viz: All fines incurred during the month must be reported on Form Cat. No. 1078, showing, under the heading "Remarks," the date when the case was reported to the United States attorney.

(d) All fines disposed of during the month must be reported on Form Cat. No. 1006. In connection with this form, the account current (Form Cat. No. 1000) must be used.

(e) At the close of June and December in each year, semiannual reports, on Form Cat. No. 1079, must be rendered, showing all unsettled cases on hand and explaining the cause of delay in disposing of them.

RULES RELATING TO DEPORTATION.

Rule 31. *Deportation, aliens subject to.*—Aliens of the following classes are subject to arrest, upon the warrant of the Secretary of Commerce and Labor, and to deportation to the country whence they came, at any time within three years after landing or entry:

(a) Aliens who, at the time of entry, belonged to any of the classes of persons enumerated and defined in section 2 of the Immigration Act or in the Executive order of March 14, 1907, and who should, therefore, have been then excluded. (Secs. 20, 21.)

(c) Alien women or girls who are found to be inmates of a house of prostitution or practicing prostitution. (Sec. 3.)

(d) Aliens who are found to have entered the United States at any other place than at the seaports thereof or at one of the ports or places designated in Rules 24 and 26 hereof, and aliens found to have entered at a seaport, but at any time or place other than as designated by the immigration officers. (Secs. 18, 36.)

Rule 32. *Public charges from prior causes.*—The case of every alien found to have become a public charge from causes existing prior to landing should be reported to the immigration officer stationed nearest the place where the alien is confined. This report *must be accompanied by*—

(1) An unequivocal certificate (Form 534) of the principal medical officer of the institution of which the alien is an inmate, setting forth:

(a) That the alien is a public charge, and giving: Date of admission to the institution; date and port of foreign embarkation; ship and line by which arrived; date and port of American debarkation; correct name; name under which manifested; age; nationality; and citizenship.

(b) An accurate statement in plain terms of the mental or physical disability of the alien, covering any and all complications which his condition may present; also his present condition with reference to the degree of helplessness to which reduced; the probability of a cure, or the degree to which health and ability to become self-supporting may be restored; and in insanity cases,

Commitment papers; (3) In the cases of insane patients, a copy of the commitment papers containing the grounds alleged by the examining physicians as the basis for commitment.

(4) Before applying for a warrant in accordance with Rule 34, the immigration officer to whom the foregoing report is made shall, whenever practicable, cause the alien to be examined by an officer of the Public Health and Marine-Hospital Service, whose certificate should accompany the application for a warrant.

Public charges: **Rule 33. Public charges, medical certificate.**—In the event that the examining medical officer is able definitely

Medical certificate concerning. to certify that an alien was, at the time of landing in the United States, afflicted with insanity, idiocy, imbecility, feeble-mindedness, epilepsy, tuberculosis, or a loathsome or dangerous contagious disease, such a certificate will be regarded as prima facie evidence of entry in violation of section 2 of the Immigration Act, and, in the absence of satisfactory evidence to the contrary, the alien will be deported in accordance with the provisions of sections 20 and 21.

Deportation: **Rule 34. Deportation, application for warrant.**—Every immigration officer receiving a report in conformity with **Application for warrant of.** Rule 32, accompanied by a medical certificate that complies with either Rule 32 or Rule 33, shall communicate with the officer in charge at the port of entry and, if landing is verified from the official records, shall make application for warrant in the manner provided by Rule 35. Such aliens will not be removed from the institutions in which they are confined until after due hearing and after an order of deportation is issued, or unless special instructions for removal are incorporated in the warrant.

Deportation, procedure: **Rule 35. Deportation, procedure.**—In enforcing sections 20 and 21 of the act approved February 20, 1907, the following instructions regarding applications for warrants of arrest and deportation will be observed:

Application for arrest warrant; (a) All applications for warrants must be made, if possible, upon blank form No. 565, which will be furnished upon written request to the Commissioner-General of Immigration, Department of Commerce and Labor, and which must be filled out in accordance with the

printed lines contained therein, and be accompanied by the certificate of landing or entry (Form No. 564) hereinafter prescribed, or if not so accompanied the reasons for the absence of such certificate must be given, and in that case all the facts called for in the blank form of said certificate shall be set forth in the application, so far as the facts are ascertainable.

Deportation,
procedure;

(b) A full statement must be made in every such application of the facts, supported if practicable by affidavits, which show the presence in the United States of the alien whose arrest and deportation is sought to be in violation of law.

Affidavits to
accompany;

(c) The certificate of landing in or entry into the United States must contain a complete statement in detail of all the facts disclosed as to any such alien by the manifest or list containing his name, with an attached certificate by the officer in charge of such manifest that the information given agrees in all particulars with the record of such alien in said list or manifest.

Verification
of landing;

(d) Telegraphic application for warrants should be avoided so far as possible, but, if the circumstances of any particular case make it absolutely necessary to resort to request by wire, such request must state that the foregoing regulations have been complied with, and that the form of application and certificate hereinbefore mentioned have been forwarded to the Department, and must give the substance of the statement of facts contained in the said application and certificate. In order to obviate any possible legal difficulty in the service of the telegraphic warrant, the Department will confirm the telegram by sending in the next outgoing mail a formal written warrant. The statement of facts, contained in the telegraphic application, therefore, must be sufficiently complete and specific to form the basis of the formal warrant.

Telegraphic
application for
arrest war-
rant;

(e) If, thereafter, it appears to the Secretary that the alien concerned is in the United States unlawfully, and that the time within which he may be deported has not expired, a warrant for his arrest shall issue directing that he be taken before the person or persons therein described and there be given a hearing, at which he shall have full opportunity to show cause, if any there be, why he should not be deported.

Issuance of
arrest war-
rant;

During the course of the hearing the alien shall be allowed to inspect the warrant of arrest and all the evidence on which it was issued; and, at such stage thereof as the person before whom the hearing is held shall deem proper, the alien shall be apprised that he may thereafter be represented by counsel, and shall be required then and there to state whether he desires counsel or waives the same, and his reply shall be entered on the record. At the close of the hearing all of the papers, including the minutes, and any written argument submitted by counsel for the alien, shall be forwarded to the Department as the record on which to determine whether or not a warrant for deportation shall issue.
- Interpreter to be secured;** If the alien is unable to speak or understand English, an interpreter shall, where practicable, be employed. If it be necessary to employ as such some one outside the Service, authority for payment of a reasonable compensation will, upon request, be granted. If the alien be physically or mentally incapable of testifying, his relatives, friends, or acquaintances, if any, shall be questioned.
- Medical certificate;** (f) The record of the hearing accorded an alien who is insane or has become a public charge shall be supplemented by a *written* certificate of the medical officer in charge of the institution in which the alien is confined, showing whether such alien is in condition to be deported without danger to life.
- Release under bond;** (g) Pending decision upon the case the arrested alien shall be released from custody, provided there is furnished, as required by the proviso to section 20, a satisfactory bond running to the United States and conditioned for the production of the alien to the immigration officers for hearing or hearings and for deportation in the event of the issuance of a departmental warrant of deportation.
- Sureties on bond;** The sureties on such bond shall be parties of ascertained financial responsibility; and in preparing the bond a blank form supplied by the Bureau of Immigration and Naturalization will be used. No alien so arrested shall be released, however, until the authority of the Department to accept bond in a specified sum is received, nor until the sureties on the bond have been found to be reliable. Before releasing the alien either one of two methods shall be observed (as may be deemed best calculated to secure an expeditious handling of the case) to have the bond approved as to form and execution: First, the bond to be forwarded to the Bureau at Washington for review by the solicitor of the Department; or, second, the bond to be submitted to the local United States attorney for such purpose. In any event the alien shall be promptly released on receipt of advice that the bond has been approved as to form and execution, and the bond shall be forwarded to the Bureau for formal acceptance by the Secretary.
- Approval of bond;**
- Issuance of deportation warrant;** (h) If, after the receipt of the report of such hearing, it shall appear to the satisfaction of the Secretary, from all the evidence, that such alien is in the United States in violation of law and that the time within which he can

be deported has not expired, a warrant will be issued for his deportation. Deportation procedure:

(i) Officers are directed to make thorough investigation of all cases where they are credibly informed, or have reason to believe, that a specified alien is in the United States in violation of law. It is not permissible for officers to resort to any form of intimidation, by threats, violence, or otherwise, in order to extort from any suspected alien or from any other person the information to be embodied in the application for the warrant of arrest. Officers are specially cautioned not to lend their aid in causing the arrest of aliens upon charges arising out of personal spite or enmity, unless the truth of such charges is clearly established. Care to be exercised in conducting investigation;

(j) In every case in which a warrant of deportation is issued under sections 20 and 21, the immigration official in charge at the port from which deportation is to be made shall notify the steamship line, on a vessel of which the alien is to be placed, of the intended deportation as promptly as possible after receipt of a copy of the departmental warrant and of advices from the officer under whose supervision the arrest and hearing in the case have been effected. And in all such cases care shall be exercised by all immigration officials concerned to furnish the steamship officials with full and exact information concerning the name, destination, condition of health, etc., of the alien to be deported. Notice to steamship company;

(k) If the conditions are such that an attendant (or matron) will be required to assist in conveying an alien from an inland point to the seaport of deportation, special request for authorization therefor should accompany the record of hearing under a warrant of arrest. Such attendants will be allowed a nominal compensation of *one dollar* and traveling expenses both ways. This rate must not be exceeded in any instance without special authorization, based upon extraordinary conditions, to be fully set forth for the guidance of the Department. Attendant to seaport.

Rule 36. Deportation, cost of maintenance.—The cost of maintaining aliens during the pendency of warrant proceedings under the preceding rules is a proper charge against the appropriation “Expenses of regulating immigration;” but in cases of aliens who have become public charges from causes existing prior to landing in the United States such cost shall not be allowed for any period preceding the date of issuance of warrant of arrest to an officer of the Immigration Service, and even then only in the event that the Department, upon investigation, orders the deportation of the alien. Maintenance bills under this rule shall be delivered to the immigration officer in immediate charge of the case within a period of twenty days from the close of the calendar month in which occurs the death of the alien or removal from the institution for deportation. maintenance bills shall relieve the United States from any responsibility for the payment thereof. If proceedings against a procurer or contractor are instituted in accordance with sections 3, 5, or 20 of the Immigration Act, immigration officers should report to the United States district attorney the amount of the cost of deporting the alien, including one-half of the entire cost of removal to the port of deportation, so that a proper effort may be made to recover such expense from the procurer or importer and the reimbursement of the Government and the transportation company for their respective parts thereof.

Deportation:

Procedure in cases of insane or diseased aliens;

Aliens requiring special care and attention;

Rule 37. *Deportation, procedure in cases of insane or diseased aliens requiring special care and attention:*^a

(a) When deportation is to be effected either under warrant proceedings or in pursuance of rejection at a port, the responsible steamship company shall be required to afford the deported alien special care and attention, if, in the first class of cases, the Department decides when issuing the warrant that such care and attention are necessary, or if, in the second class of cases, the commissioner or inspector in charge at the port renders such a decision. The report of hearing in warrant proceedings should be accompanied by a statement obtained from the physician (if practicable a surgeon of the Public Health and Marine-Hospital Service) having personal knowledge of the alien's condition, showing such condition in terms that will enable the Department to determine whether special care and attention are needed.

Procedure in cases of;

(b) If the Department (or the commissioner or inspector in charge, as the case may be) finds that the alien requires special care and attention, the steamship line by which deportation occurs must provide all necessary care and attention as called for by his condition, not only during the ocean voyage, but also (except as hereinafter provided) during the foreign land journey. Proof that such care and attention have been provided and the alien sent to his final destination must be furnished through sheets "B" and "C" of Form 597 hereinafter referred to.

Returns by vessels concerning;

Delivery of forms of returns;

(c) The alien may be delivered to the master or first or second officer of the vessel by which deportation is to occur, and together with the alien there shall be delivered Form 597 (composed of sheets "A," "B," and "C"), also a duplicate carbon of sheet "A." The receipt and sheet "A" will be completely filled out by an immigration officer (except as to signature) prior to delivery. He shall also insert at the blank space following "No." at the top of each sheet the number of the departmental warrant where deportation occurs pursuant to warrant, and the local correspondence file number where deportation occurs

pursuant to rejection by a board. The receipt attached to sheet "A" shall be signed by the ship's officer to whom the alien has been delivered and returned forthwith to the immigration officer making delivery. Sheets "B" and "C" shall be retained by the ship's officer and in due course filled out by the agents or persons therein designated and by them returned by mail as therein provided.

Deportation:

(d) From the foreign port of debarkation the steamship company must forward the alien to destination in charge of a proper custodian (all expenses to be borne by such company), except only in cases where foreign public officials decline to allow such custodian to proceed and themselves take charge of the alien. In that event this fact must be shown by signing the form provided in the lower half of sheet "C;" and where foreign public officials have taken charge at the port of debarkation it will be unnecessary to fill out any portion of the form on the upper half of sheet "C."

Preparation of returns;

Where the foreign public officials take charge not at the port of debarkation, but at an interior frontier, both forms on sheet "C" must be filled in, the former in relation to the inland journey as far as such frontier.

(e) Whenever, without excuse satisfactory to the commissioner or inspector in charge of immigration at the port of embarkation, a steamship company has failed, for a period of sixty days after departure of an alien requiring special care and attention under this rule, to comply with any of the terms thereof, including failure to return sheets "B" and "C" properly filled out, such commissioner or inspector in charge shall forthwith report this fact to the Commissioner-General of Immigration, and thereafter the Secretary of Commerce and Labor will, without further notice and during such period as he shall determine, exercise his right under section 21 to employ suitable persons to accompany to their final destinations aliens deported on a vessel of such steamship company requiring special care and attention. Instructions as to compensation of such attendants, their mode of travel, their right of access to the alien during the ocean voyage, and other necessary matters will be given in each case as it arises.

Mailing of returns;

Rule 38. *Deportation, where to.*—The deportation of aliens as prescribed in Rules 30 to 36 hereof shall be to the foreign trans-Atlantic or trans-Pacific port from which such aliens embarked for the United States; or, if such embarkation was for foreign contiguous territory, to the foreign port at which they embarked for such contiguous territory. (Sec. 35.)

Rule 40. *Aliens in transit.*—Every alien seeking a landing for the purpose of proceeding directly through the United States to a foreign country shall be examined, and, if found to be a member of any one of the excluded classes, shall be refused permission to land, in the same manner as though he intended to remain in the United States. Cases where a refusal of the privilege would entail exceptional hardship may be reported to the Secretary for a special ruling.

Special deposits of head tax on account of aliens in transit will, at the expiration of sixty days from the date of admission, be covered into the Treasury as head tax, the cases in which proof of departure is received after the expiration of such period to be reported to the Bureau of Immigration and Naturalization for special authorization, under the provision incorporated in the legislative, executive, and judicial appropriation act approved February 3, 1905.

With regard to such class, no payment or deposit of head tax need be required, if the immigration officers at the port of entry are satisfied that it is the *bona fide* intent of the passenger merely to visit or tour the United States. For instance, when an alien is in possession of first-class round trip or through transportation, or other circumstances are present, indicating with reasonable certainty that the passenger is a tourist, deposit should not be required; if doubt exists, he should be classed as a "transit" or "transient visitor."
